

DOUBLE CABIN FORD TRANSIT

Snoeks Automotive B.V., the double cabin specialist for Europe has developed a double cabin especially for the Ford Transit.

By adding a second seat row with an integrated partition wall it is possible to convert your closed panel van into a double cabin at all times. The perfect solution for the combined transport of people and material. Safe, comfortable and efficient.

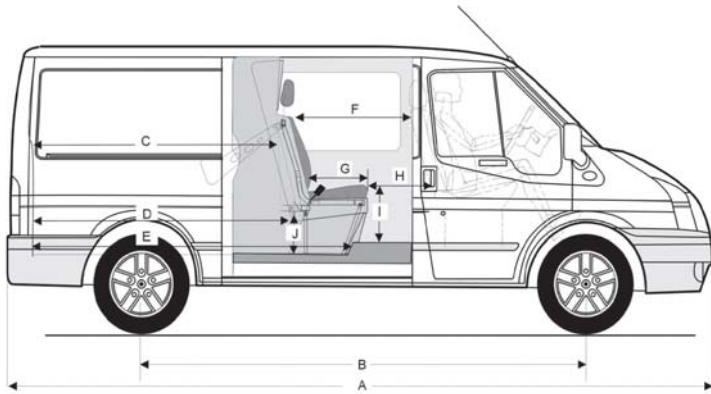

Obviously the double cabin applies to the highest European safety standards. The bench is provided with three approved 3-point safety seat belts and in height adjustable and tilting head rests. The construction is N1/M1 approved by 20G pull-test on frame and connecting points. The separation wall is designed to meet the DIN 75410-3 standard for load shifting protection.

Next to safety, comfort is one of the starting points of the development process. The location of the bench has been worked out in a way that both leg room and load area are maximized. The deep seat, the high seatback and the inclination of the seatback, are resulting in an unequalled comfort.

Also the design plays an important role when developing a double cabin. Materials and shapes are as close to OE-design as possible, including floor, side wall covers and headlining. The fine designed partition wall separates load and passenger compartment completely. Additional load space under the rear passenger bench extends the load area floor to allow practical storage of longer items like ladders.

Measurements in millimeters.

* With a front wheel drive the complete loading floor is available for 1100 x 70 mm.

** Measured in relation to the fixed co-drivers bench.

*** With a rear wheel drive this size is 175 mm.

PARTITION WALL

High-strength ABS-plastic
Luxury design partition wall and window
Bench cover without pocket
Additional load space from behind under the seats

THREE SEAT BENCH

Bench frame
3x3-point safety seat belts
Head rests adjustable in height and tilting
Cushion set with original fabric
Cushion set with vinyl
Cushion set with former fabric

FLOOR

Floor covering rubber 2nd seat row
Step-in cover ABS-plastic

SIDE-WALL FINISHING

MDF cover underside right hand side
MDF cover underside incl. ashtray left hand side*

HEADLINING

Headlining MDF

OPTIONS

Windows left and right
Two sliding doors
DVD-player

STANDARD

■ STANDARD
○ OPTION

* No ashtray with 2 sliding doors
